

ICS Evaluation Fee Schedule

Which credential service is for you?

ICS Foreign Educational Credentials Evaluation Preview	\$39
--	------

Definition: International educational credential preview (IECP) is for your personal information and preliminary evaluation of your chances of getting a job in Canada, to study or to immigrate.

General Evaluation Report	\$190
---------------------------	-------

Definition: Our most popular type of report (also known as a document-by-document evaluation).

The General Evaluation Report describes the education completed and suggests the comparable level in Canada for each credential. This type of report is the one most commonly required by employers and immigration officials.

Secondary School Comprehensive Evaluation Report	\$220
--	-------

Definition: The Secondary School Comprehensive Evaluation Report describes the education completed outside Canada at a level comparable to the senior secondary school level in Canada and suggests the comparable level in Canada. This report also provides a list of all courses/subjects completed at a level comparable to the grade 12 level in Canada with the comparable credit values and grades

Postsecondary Comprehensive Evaluation Report	\$350
Each Additional Postsecondary Credential*	\$350

Definition: The Postsecondary Comprehensive Evaluation Report describes the postsecondary education completed, suggests the comparable level in Canada for each credential and provides a list of courses/subjects completed with **both** the comparable credit value **and** grade.

This type of report is most commonly requested by those applying to postsecondary institutions who need to provide evidence of specific postsecondary courses.

Note: If you are unsure which type of Evaluation Report would be best for you, we would suggest that you request a General Evaluation Report. If you later find that you require a Secondary School or Postsecondary Comprehensive Evaluation Report, you can request an upgrade.

Secondary and Postsecondary Comprehensive Report	\$420
Each Additional Postsecondary Credential*	\$350

Definition: The Secondary and Postsecondary Comprehensive Evaluation Report describes the education completed, suggests the comparable level in Canada for each credential and provides lists of senior secondary and postsecondary courses/subjects completed with the comparable credit values and grades

Upgrade (General to Comprehensive)	\$250
------------------------------------	-------
